

REMARKS

This Amendment is in supplemental to the Applicant's Amendment filed on 14 March 2005.

By this Supplemental Amendment claim 12 is amended to re-insert "element" in lines 2 and 4, to avoid questions of antecedent basis; the "tourbillon module" in line 8 is amended to read "flying tourbillon module" and the adverb "removably" is inserted in line 8. No new matter is introduced by these amendments. Thus, claims 12 through 42 remain pending in the application. Claims 1 through 11 were previously canceled.

In view of the above, it is submitted that the claims of this application are in condition for allowance, and early issuance thereof is solicited. Should any questions remain unresolved, the Examiner is requested to telephone Applicant's attorney.

No fee is incurred by this Supplemental Amendment.

Respectfully submitted,

Robert E. Bushnell,
